General Information

Short summary

Romanian SME company operating in the clothing and fashion is looking for manufacturers of textile and accessories. The company is interested in expanding its current network of collaborators by identifying international business partners able to supply textiles and accessories under supplier agreements.

Full description

The Romanian company was established in 1994. They produce clothes for children, men and women and home textiles from high-quality materials. The company also provide services like pattern development, sampling, cutting, sewing, finishing, packing. Over time, the company has developed a portfolio of clients from Europe (Scandinavian part, West and Center) and North America. The company is looking for suppliers from specific countries to purchase buttons and/or fabrics.
