## General Information

### Short summary

A French company specialized in innovative swimming pool equipment that enables efficient and effortless cleaning of pool surfaces is looking for a fiberglass or PVC mosquito net manufacturer in Europe. Cooperation on the basis of an outsourcing/supplier agreement is considered.

### Full description

Created in January 2021, the French company has created and developed an innovative floating skimming system, light and easy to handle, which enables to clean the surface of a swimming pool in two minutes. The French company was awarded by the Lepine Competition in year 2021 with two rewards and benefits from a worldwide patent.

The floating skimming system is composed of a fiberglass mosquito net.

The French company is looking for a fiberglass or PVC mosquito net manufacturer in Europe to produce the swimming pool equipment through an outsourcing agreement.

### Advantages and innovations

Poolfast is efficient, eco friendly, affordable and effortless for the client.

### Technical specification or expertise sought

The industrial partner will be able to produce and deliver the mosquito net as follows :

- Width: 1.40 meters
- White color
- Material: PVC or fiberglass preferred
- Quantity : 3,000 to 5,000 m per month with regular order
- Delivery address : Colmar, France

### Stage of development

**Already on the market**

IPR Status

**No IPR applied**

### Sustainable Development goals

- **Goal 6: Clean Water and Sanitation**

## Partner Sought

### Expected role of the partner

The ideal industrial partner will be able to manufacture the mosquito net on a regular basis (3,000 to 5,000 units per month) and delivery the product to Colmar.

- The industrial partner will be able to sew nets

- The industrial partner will be a supplier of one of this component : eyelet, rope, carabiner, rope clip, screw, elastic, fiberglass net
