General Information

Short summary

A Romanian manufacturer of natural lavender-based cosmetics is seeking producers and distributors able to supply cosmetic packaging solutions (i.e. glass and plastic bottles and containers in different sizes). Cooperation with the international partners will be based on supplier agreements.

Full description

The Romanian company is a manufacturer specialising in the production of 100% natural, lavender-based cosmetics. Products are manufactured using lavender grown by the Romanian company. The company's product portfolio includes:

- lavender-based face and body care cosmetics for women (e.g. face and hand creams, facial serums, body oil, body scrub, body butter, lip balm etc.);
- lavender-based hair products (e.g. shampoo and hair masks);
- floral and micellar lavender-based water;
- other lavender-based products such as candles, air fresheners and lavender essential oils;

The company seeks to expand its current network of suppliers for cosmetic packaging solutions. The Romanian firm therefore seeks new international business partners (manufacturers and distributors) able to supply glass and plastic bottles and containers in different sizes.

Cooperation with the partners identified will be based on supplier agreements.

Advantages and innovations

Cooperation with the Romanian company will provide interested partners the opportunity of entering the Romanian cosmetics market which is currently following a positive trend.

Technical specification or expertise sought

The company is interested in identifying long-term business partners able to supply cosmetic containers in one or more of the following categories:

1. Glass containers

30 ml glass bottles, airless or with pipette for face serums and oils. Violet and dark colour glass is required.

2. Plastic containers

- a. 50 ml airless white plastic containers (PPE or PPT) for face creams
- b. 100 ml plastic containers with dosing pumps. Brown or semi-opaque containers are required
- c. 150 ml transparent plastic container with flip top, disk top or pipette
- d. 200 ml dispensers in solid white plastic for liquid soap
- e. 250 ml plastic dispenser, in the following colours: white, dark brown or transparent

3. Bath salt containers

500 or 1000 ml containers, square or cylinder form, transparent with aluminium cover

4. Containers for indoor air fresheners – container with a rotating punched cover

Estimated orders are of approx. 200-1000 items/product size/category.

It is preferable that interested partners can provide relevant technical product documentation proving that the packaging offered is in accordance with current legislation.

Stage of development
