General Information

Short summary

-A UK marine products company is seeking a manufacturer to produce a range of marine bags, ideally made from polyester. The products need to be sturdy and marine grade, and made in a range of sizes and types. They are seeking a manufacturer with experience in marine grade products via outsourcing agreement.

Full description

The UK company has more than 70 years' experience in providing high-quality, well-engineered modern sailing hardware and accessories and are seeking to expand their range to include marine grade bags and storage products for use at sea. The UK company has connections with major distributors of marine products globally.

The products should be made from materials that are UV resistant and suitable for a salt water environment. Polyesters are ideal for the application. Zips and fasteners need to be Marine grade. Minimum order quantity of 500 required.

The UK company are open to expressions of interest from all EU countries and other EEN member states, via

outsourcing agreement.
