MESSAGE FROM THE GENERAL MANAGER

Please find the Export Catalogue of the Klaipėda Chamber of Commerce Industry and Crafts members. The catalog contains short profiles of the regional companies expanding business relations in foreign countries. You will also find some information about the Klaipėda Chamber of Commerce, Industry and Crafts and the main economic data about the region. We would be grateful for the circulation of the profiles among your clients and we remain at your disposal for any further questions on partnering opportunities.

Viktoras Krolis

ABOUT KLAIPĖDA CHAMBER

The Chambers of Commerce, Industry, and Crafts of Lithuania are non-state, non-profit self-governing entrepreneurial organizations that actively participate in the international system of chambers of industry and commerce.

The Klaipėda Chamber consolidates more than 280 members among which are the biggest companies of the region and representatives of small and medium-sized businesses.

All of these companies in this export catalog are looking for new business opportunities, partners, suppliers or distributors. The main sectors are: business advisory, consulting, and projects; food production; metal works; publishing and printing; tourism and hotels; transport and logistics, and others.

Advantages of Klaipėda region:

- Transport corridors connecting Klaipėda with Eastern and Western countries;
- (9th transport corridor) - strategic gateway to Europe!
- Ice-free seaport - top EU port in the Baltic sea for shipment handling volume;
- Free Economic Zone - 1st and the most successful FEZ in the Baltics;
- Developed tourism infrastructure.

KLAIPĖDA CHAMBER OF COMMERCE,
INDUSTRY AND CRAFTS

Klaipėda - Lithuania's third-largest city, is located on the Curonian Lagoon at the Western coast of Lithuania.

Klaipėda stands out from other cities in the country as the only Lithuanian seaport, that is the northernmost ice-free port on the Eastern coast of the Baltic Sea. A multipurpose, universal, deep-water port, with an annual port cargo handling capacity of up to 70 million tonnes operates 24 hours per day, 7 days per week, all year round.

Klaipėda Free Economic Zone - the first FEZ in the Baltic region, which currently hosts more than 100 companies spread in 412 ha territory. It employs more than 5900 people and generates 2,5 - 5% of National GDP every year.

Klaipėda municipality statistics:

*Inhabitants - 192 307 (2023 January)
Klaipėda city*

*Inhabitants - 322 137 (2022 January)
Klaipėda district*

Average salary - 2000 EUR Bruto (2023 June)

*Active enterprises - 12 454 (2022)
West of Lithuania*

ATOSTOGŲ PARKAS

NATURA TERMO

— S P A —

MEDICAL CENTER

Atostogų Parkas / Natura Termo SPA

"Atostogų Parkas/Natura Termo SPA" began its activities. It is an object that functions according to the principles of the circular economy.

We have the most swimming pools in Lithuania - as many as 16 of various sizes and purposes include sports, 3 massage, training, physiotherapy, mineral geothermal water, children's, Kneipp therapy and 6 outdoor pools. The world's first natural amber sauna was presented to the public equipped with three tons of natural Baltic amber together with five jade, herbstraditional, salt saunas. Medical mud - sapropel, forest therapy, cycling, other complementary and alternative health care services available here. The complex has two accommodation spaces - a log cabin complex and a hotel. There is a conference hall, a meeting room, and two catering units. Recently opened 4 pitches, 2 outdoor tennis courts, a 20 - place camper site, a tent town, and a place for corporate events. In 2021 complex has been awarded the "SAFE and CLEAN" mark of safe and clean hospitality.

We are looking for cooperation with tourism service operators, health insurance funds, insurance companies, developers of rehabilitation, wellness, anti-aging systems and innovative solutions.

NOOR is composed of 9 practice groups dedicated to different legal areas and led by our partners. More than 50 legal professionals qualified to assist clients on different legal matters. We combine the knowledge, experience and energy of the whole firm to solve our clients' most complex challenges, wherever and whenever they arise. We enable our clients to succeed by navigating their most complex legal challenges and creating opportunity where others see barriers.

Our team of lawyers is united by a holistic approach and a belief that the legal field should be inspired by the same kind of energy and ingenuity that our clients apply in their businesses. This includes experts with deep domain knowledge of fields as diverse as Technology and Media, Corporate and Transactions, Real Estate and Construction, Public Procurement, Dispute Resolution, Labour Law, Migration Law, and many more. The newly forged synergies will empower us to help our clients find solutions for any issue and prepare for any potential challenges.
